God of life, source of hope, the violence within our world, our communities, our families, indeed our very selves is destroying creation. Make still the restless spirit within me that is self-seeking. Stir within my heart a renewed spirit of reverence, respect, and reconciliation. In union with the Precious Blood of Jesus give me strength to break the cycle of violence by realizing that peace begins with me. Amen.
-Prayer by The Missionaries of the Precious Blood

BELONGING
We welcome new disciples to our parish communities. If you live within our parish boundaries, which is our mission field, then you are already a member. It is still important that you register at the Parish Office or during registration weekends so we can communicate with you throughout the year. We are here to help you meet Jesus Christ, grow in holiness, and fully participate in a life of prayer.

Please call or stop at either parish office, or speak with Fr. Schuster. We are disciples together!

## WEEKLY HIGHLIGHTS

### What is a Parish Leadership Team?

The role of the Parish Council is to provide leadership in five specific areas. These areas include worship, education, living justice, stewardship, and evangelization. The role of the Finance Council is to provide leadership and accountability concerning the parish's financial resources. The Finance Council includes the two elected Parish Trustees, who are also legal agents of the parish according to the State of Wisconsin. The Bishop is the president of our Finance Council, while the Pastor and Trustees carry out the interests of the Bishop on a local level. A School Board is an advisory board to the Pastor as he and the Principal utilize the gift of education to further the mission of the parish.

These various boards meet once per month at most. They are part of the structure of the Church as it has evolved since the time of the apostles and the disciples in the communities that comprised the early Church. Unlike other local Christian churches, these boards are not legal decision makers (other than the Trustee positions). In other words, the boards/councils hold irreplaceable advisory and steering functions.

As your pastor, I am currently working with a spiritual group of people from Michigan (ACTS XXIX) to implement a leadership team within our parishes. This team does not replace the various councils listed above. This team would primarily be a small group of people (2-4 non-staff members) who love to pray, and who understand discernment in the Holy Spirit. Their primary responsibility would be to pray with the pastor and assist him in understanding God’s plan for these parishes. God is the architect of these parishes above all! I am currently praying to St. Therese to reveal who these leaders are in our parishes.

Have you noticed that the rate of change in the world has been insane? What about the rate of change in our own local area and in our parishes? Too often, by the time our councils meet, too much has happened and we are already playing catch-up. The leadership team would meet **weekly** to discuss the ways that I, as pastor, am dealing with specific events during the week. This team has a high level of input to me, and they need to challenge me, confront me, correct me, and help me discover the will of God in specific situations. They do not hire or fire people, nor do they change things within the parish. They do help me bring more to the table when I arrive at the various council meetings. They do help everyone to know that Fr. Schuster does not think up solutions on his own (I rarely do), but that his leadership comes from prayer and consultation with the Holy Spirit.

The use of a leadership team is not just another layer of meetings. This approach to being a parish would need to be integrated into everything, it affects everyone, and all people need to be connected to the spiritual things that will flow from this group. **This will change the culture and the flavor of the parish in ways that make it so we cannot turn back.** Some of our staff will be asked to be part of a three day retreat in August to pray with this new development and start to see how the whole parish staff will also become a team. Without a leadership team, and a team approach within our parish and school staff, a pastor might experience burn-out, and leadership within the parish risks losing its connection to the Holy Spirit.

### SAINT STATUES ARE BEING DEFACED AND DESTROYED

As Catholics, we should be aware of the disturbing trend in our country to topple over monuments that tell the story of our country's history, even if it is an imperfect history. Please read the excellent response written by the Bishop of Madison, Wisconsin, found at the St. Mary Parish website. Pray for an end to this destruction!
